

## Garry Bowditch - Director

Since 2010 Garry Bowditch has been the inaugural Chief Executive Officer of the SMART Infrastructure Facility at the University of Wollongong (UOW). Prior to that he has held a number of leadership roles in the infrastructure sector and Federal government.

Garry oversaw the establishment of SMART's new \$62M research Facility at UOW to forge a new science of 'integrated infrastructure planning and management' to address Australia's challenges.

He has appointed Australia's first Professorial chairs in infrastructure governance, infrastructure systems, infrastructure modelling and simulation, and appointed a professor of infrastructure economics.

Garry sits on a number of organisational boards and committees including:

- Expert Panel Member - UK ITRC (Infrastructure Transitions Research Consortia) Oxford University
- Board Member - AURIN (Australian Urban Research Infrastructure Network) Melbourne University
- Board Member - Smart Services CRC
- Expert Member – NSW Long Term Transport Masterplan Advisory Group
- Member - Australia Pacific Economic Cooperation Committee (PECC)
- Member - University of Wollongong Research Council.
