

Prof Laura Poole-Warren - Director

Laura Poole-Warren is the Dean of Graduate Research and Professor in Biomedical Engineering at The University of New South Wales (UNSW). Her leadership position in the tertiary sector involves setting strategy and managing policy for the more than 3000 higher degree research students at UNSW. She has research expertise in the development and commercialisation of medical devices having spent the past 15 years as a research and teaching academic as well as spending 2 years in a start-up company in the USA as a Lead Preclinical Scientist. Professor Poole-Warren has also had a core role on the statutory Commonwealth Government Medical Device Evaluation Committee advising on the safety of medical devices.

Services economy growth through innovation
